DOMINA, DOMINAE / DONNA, REGINA DELLA CASA
DOMINOR, DOMINARI / CONTROLLARE LO SPAZIO
DOMUS, DOMUS / CASA

LO SPAZIO È CIÒ CHE TROVIAMO
INTORNO A NOI, PRENDERNE IL
CONTROLLO È LA NOSTRA SFIDA.
PER QUESTO NASCE DOMINA,
L'INCONTRO TRA LO SPAZIO, IL
DESIGN E L'ARTE CONTEMPO-
RANEA.
SPACE IS WHAT SURROUNDS US -
CONTROLLING IT IS OUR CHAL-
LENGE.
FOR THIS REASON DOMINA IS
BORN: THE MEETING BETWEEN
SPACE, DESIGN AND CONTEMPO-
RARY ART.

DOMINA
[T I M E / B R I L L A]

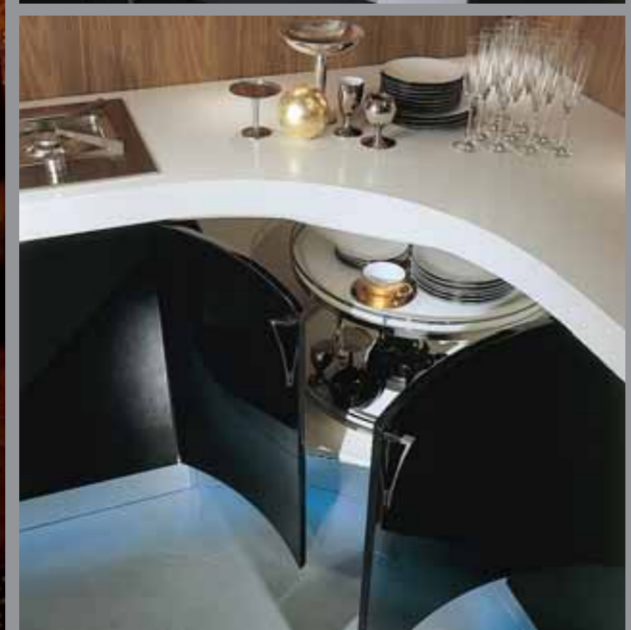

La matita disegna ciò che
 Domina crea, ogni angolo,
 ogni ambiente, ogni
 essenza, ogni colore.
 Domina è il dominio dello
 spazio, è il dominio sui
 colori.
 Evoluzioni curvilinee del
 tratto allo stato puro,
 come elemento di design
 e decoro.

The pencil draws what
 DOMINA creates
 each corner, each room,
 each wood, each colour
 DOMINA is the dominion
 over space, the dominion
 over colour.
 Pure development of
 curved lines as a design
 and decor element.

Perchè la tua casa è
unica come te.
Domina è casa.
Le sue origini, la sua
radice sono la tua casa.
L'idea che diviene realtà.
Il design che prende forma
intorno a te con la
leggerezza di
elementi sospesi che
risplendono di luce propria.

Because your home is as
unique as you are.
DOMINA is home.
Its origins, its roots are
your home. An idea which
becomes reality.
Design which takes on
shape around you with
the lightness of suspended
elements glowing with a
light of their own.

Domina, dominae - regina della casa. Perché Domina è donna, padrona della casa. Le forme sinuose, le curvilinee sporgenze e rotondità, l'armonia del suo profilo è il gentile equilibrio del suo dominio, perché Domina è donna.

DOMINA _ DOMINAE is the Queen of the home. Because DOMINA is woman, mistress of the home. Her sinuous forms, her curved projections and rotondities, the harmony of her profile is the gentle balance of its dominion, because DOMINA is woman.

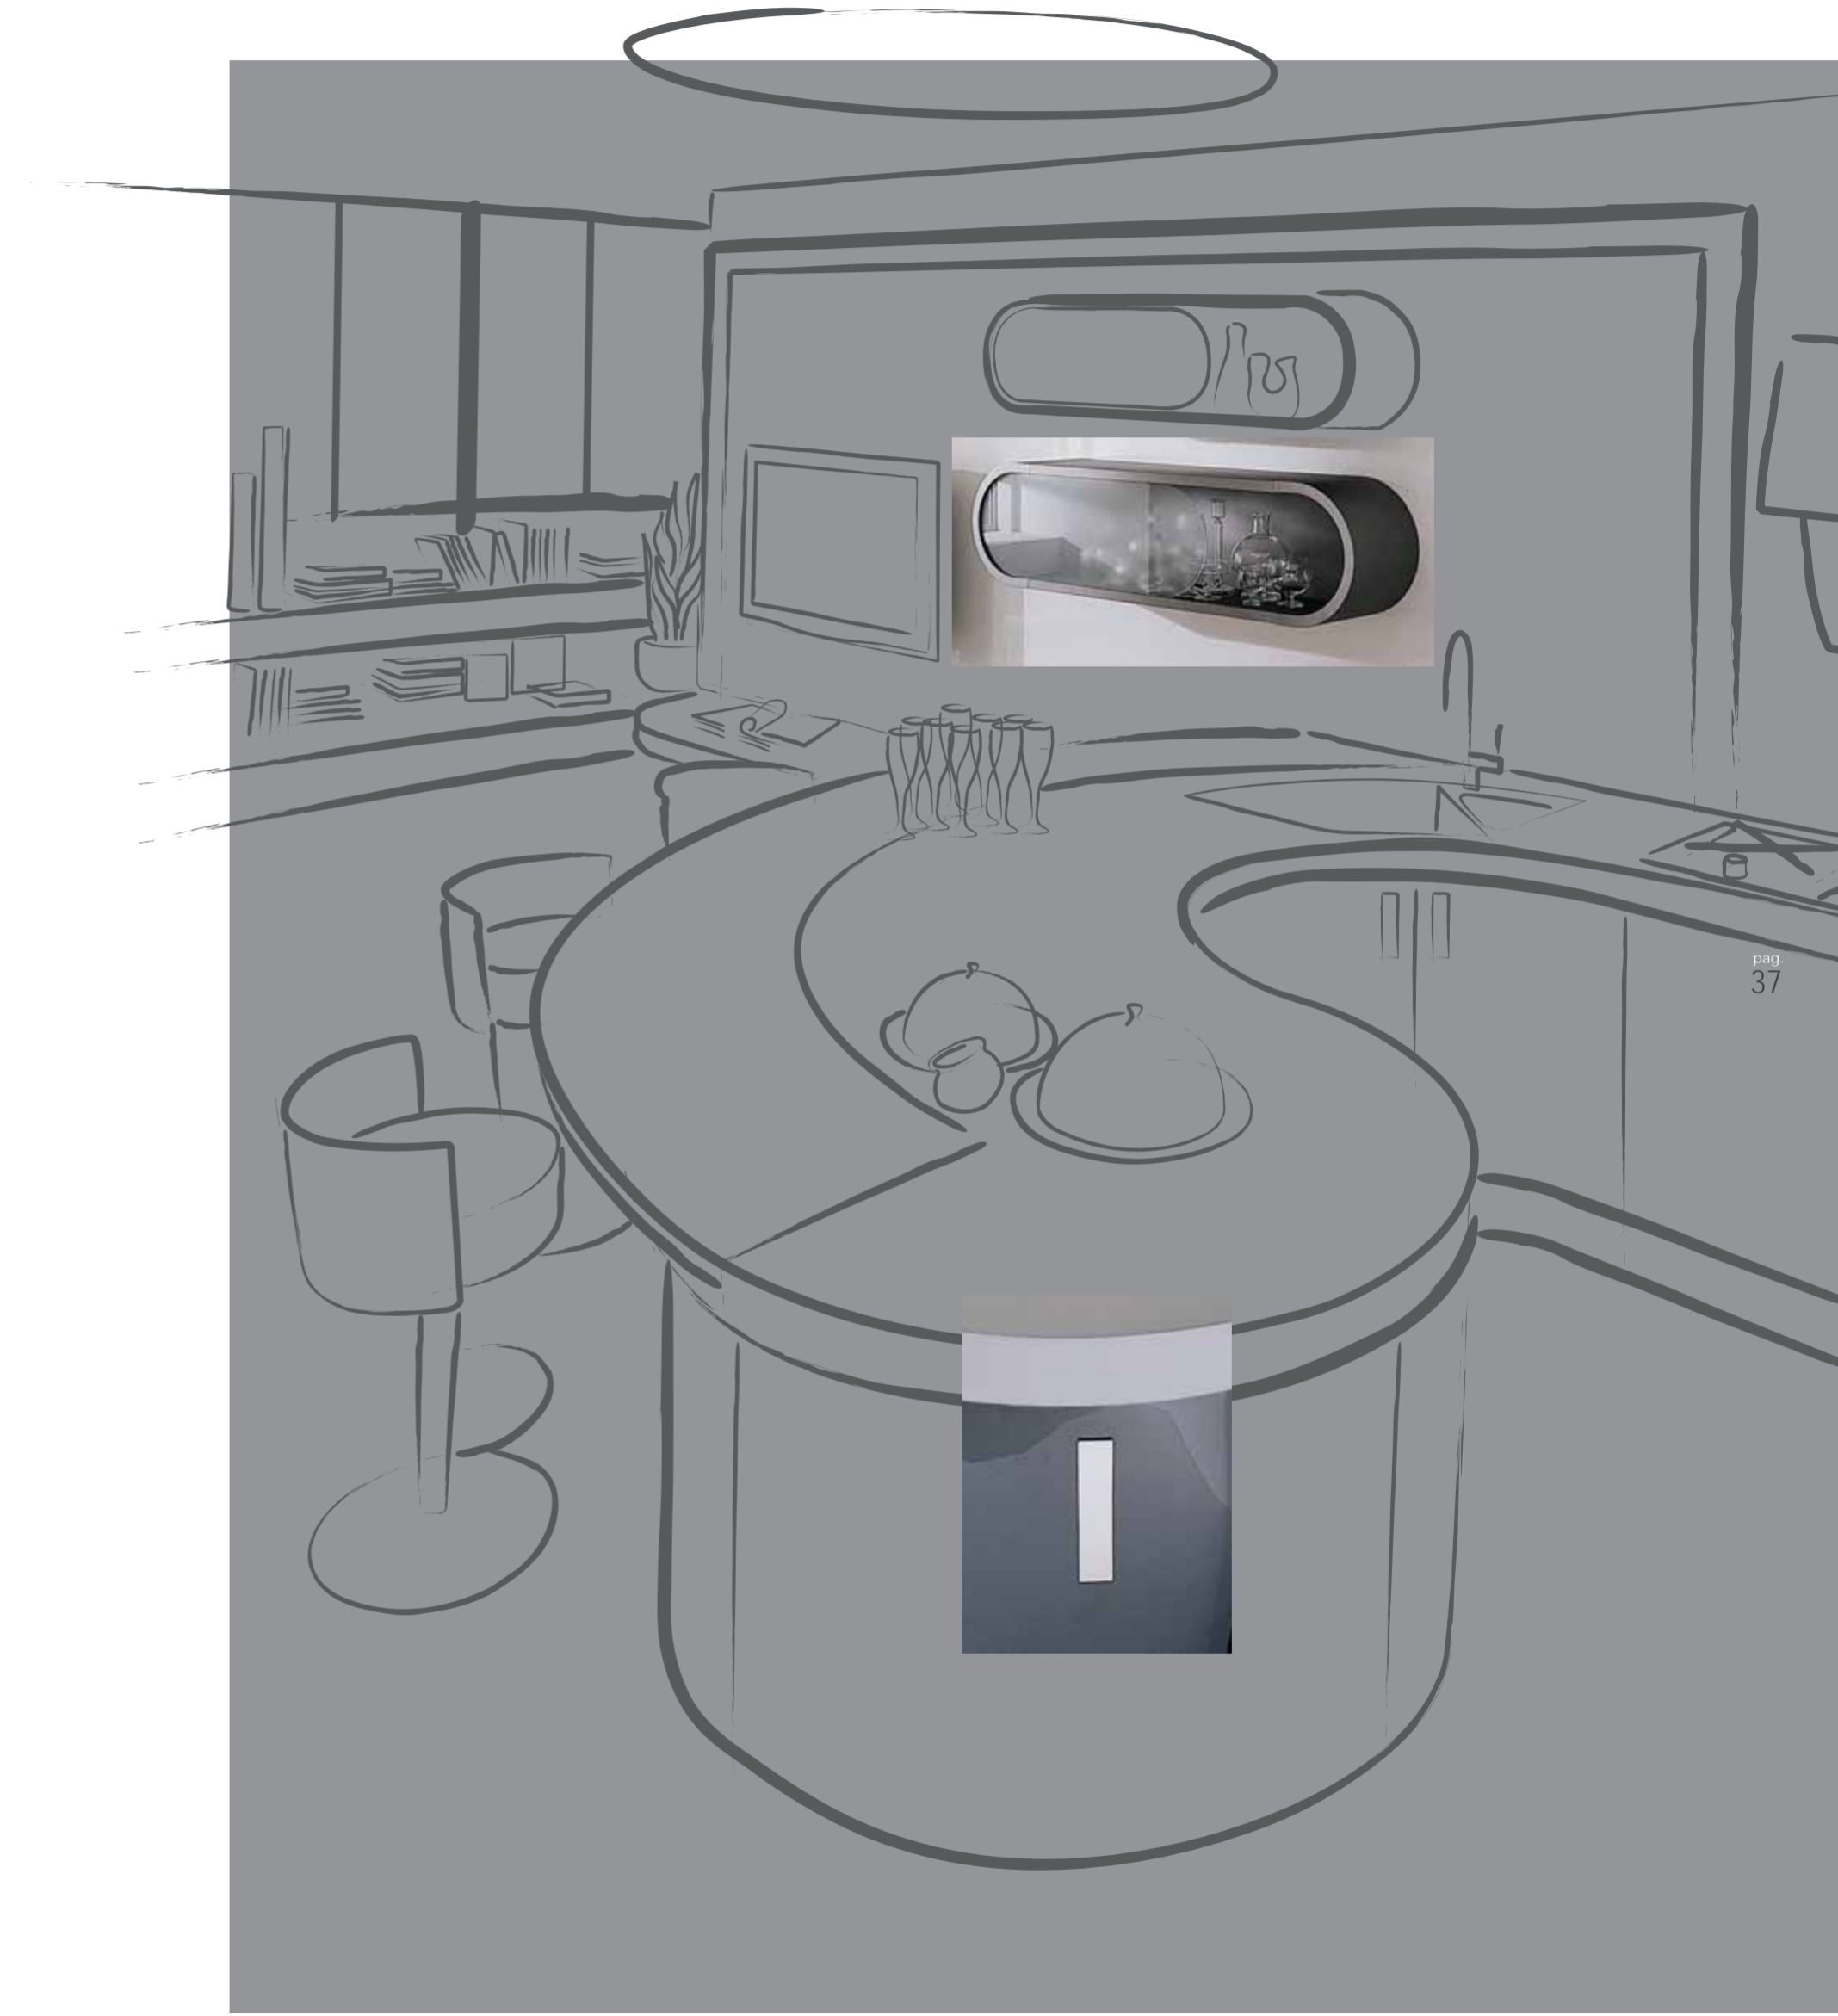

Ed ancora libertà di segno, purezza di linee, unicità di elementi. La libertà di stile negli abbinamenti di superfici, di colori, di richiami e contaminazioni contemporanee. I grandi classici della tappezzeria si sposano con Domina divenendo decorazione. I damascati. La matita disegna, Domina crea.

And it is liberty of design, purity of lines, uniqueness of elements. Freedom of style in the combinations of surfaces, colours, reminiscences and contemporary "contaminations". The great classics of upholstery joint with DOMINA turn into decoration. The damasks. The pencil draws, DOMINA creates.

Abbiamo definito le grandi linee, i grandi spazi. Abbiamo controllato le forme, le movenze, abbiamo creato i gioielli. Dettagli unici e preziosi. Abbiamo creato colori magici per un effetto luxury glam, per un make-up sempre nuovo. Abbiamo cambiato le regole del gioco, ora il controllo sullo spazio è assoluto.

We have defined the major lines, the large spaces. We have controlled the shapes, the movement, we have created the jewels. Unique and precious details. We have created magic colours for a Luxury Glam effect, for a make-up that is always new. We have changed the rules of the game, now our control over space is absolute.

I legni, le essenze naturali, i fiori e le foglie nei dettagli di queste composizioni, che stilizzano una natura composta, gentile nei colori, nelle sensazioni e nei continui richiami alle rotondità delle forme di Domina. La naturalezza del legno, il suo calore, come elemento di contrasto alla personalità forte e unica di Domina, è il suo naturale completamento estetico.

The woods, the natural wood finishes, the flowers and the leaves in the details of these compositions which depict a serene nature, delicate in its colours, in its sensations and in its continuous reminiscences to the rotundities of DOMINA's shapes. The naturalness of the wood, its warmth as an element of contrast to the strong and unique personality of DOMINA is its natural aesthetic completion.
